## **Statement from Société Nautique de Genève**

### **Statement from the Société Nautique de Genève, Defender of the 33rd America's Cup, regarding the New York Court of Appeals decision today:**

"It has consistently been our view that the America's Cup should be fought on the water. Today through the American courts the Golden Gate Yacht Club has won the right to challenge the Société Nautique de Genève. We will now discuss the terms for the regatta with them and will prepare our defence of the 33rd America's Cup."
